what is teacher absence insurance?

In short, staff absence insurance is a fixed benefit insurance policy which pays out in the event that one of your members of staff is absent due to unforeseen circumstances.

This can help to protect schools against unplanned expense incurred as a result of staff absences.

For example, in the unfortunate event that you have a member of staff taken critically ill and forced to take three months off work, it could be expensive to replace this member of staff for the duration of the absence. This cost will likely not be budgeted for and funds may need to be allocated from other areas of the school.

Our insurance protects you against such eventualities, allowing you to manage your finances and budgets a little more closely and ensure that financially at least, you don't have any nasty surprises.

The policy will pay out a fixed benefit which you're able to use towards provision of a supply teacher, enlisting a part time-teacher or towards anything else. Plus, we don't require any proof of a supply teacher being engaged, so how the funds are used is entirely at your discretion.

what's included in your policy?

We're proud to offer our simple but effective teacher absence insurance policy.

We've designed our policy to be as easy to manage as possible. We don't ask for a claims history when getting a quote or arranging cover and allow you to adjust the waiting days and daily benefit yourself. Once on cover, you'll be able to manage your own staff lists and make claims online.

We will pay the daily benefit amount on behalf of all insured staff for every full day of absence after the waiting day period in the event of sickness or bodily injury.

All current members of staff are eligible and new members of staff can be added during the policy.

We are one of the only providers to offer the choice of covering COVID-19 absences.

We also cover non-sickness related absences such as accident, stress, bereavement, maternity, jury service, paternity and adoption.

If you have selected the option to cover maternity, we will also pay the requested amount up to £5,000 for teaching staff or 50% of the chosen amount for support staff.

Cover for work-related stress or mental health absences can be added to the policy for 30 days, or cover for a whole range of stress or mental health related absences can be added for 190 days cover.
